

LN-4 DIFFERENT BUT EQUAL

Conceptual writing:

Let's write:

I. Answer the following:

1. Why should we not link any particular activity to only girls or only boys?

Ans: Some ideas like girls are not good at mathematics or boys do not enjoy craftwork, have been proven wrong. Therefore, we cannot link any particular activity to only a girl/woman or a boy/ man.

2. How should we behave with people who have a different choice from our own?

Ans: We should respect each other. We should not hurt the feelings of others.

3. Why should all of us take part in household work?

Ans: We believe that all members of the family are equal and each one of us should learn to do our own work so that we do not need to depend on others.

4. Mention two principles that we should follow in school to show equal respect to all.

Ans: Two principles that we should follow in school to show equal respect to all.

- Take part in-group activities and help each other in doing the exercise assigned to the group.
- Discuss different topics that you learn in class, but do not quarrel.

5. Dipa Karmakar

Ln- 5 Understanding Time

Conceptual Learning:

Let's write:

I. Answer the following:

1. What is time? How do we measure time?
 - Time is a way to measure events that happened in the past (before now), things are happening at present (now), and what will happen in the future (later).
 - We use various units to measure time, such as seconds, minutes, hours, days, weeks, years and decades.
2. What is a timeline? Why is it important?
 - A timeline is a method that is used to draw and show the exact order in which events happened in the past on a horizontal line.
 - It is useful in understanding which and when the event took place.
3. What do you mean by sequencing?

Placing events in the order in which they happened is called sequencing.

4. What is a calendar? How is it useful?

- A calendar is a system of arranging days in a year.
- It usually comes in the form of a chart, or a series of pages, showing the days, weeks, and months in a particular year.
- A calendar helps us to organize the events of our lives and remember all special occasions.

5. In how many months and days is a calendar divided?

- There are 12 months.
- Some months have 31 and 30 days.
- February has 28 days.
